

Hair Growth Gummies

CAMPAIGN CONTEXT

This high-performance ad script targets cold traffic by utilizing an unskippable before-and-after transformation loop within the opening 3 seconds. It agitates core customer pain points (shower shedding) and pairs native, relatable UGC facetime with authoritative consumer data, dismissing generic competitors to drive high-intent store conversions through an aggressive 100-day risk reversal.

Video Script Table

Time & Segment	Audio Script (Voiceover Copy)	Visuals & Text Overlays (TOS)
0:00 - 0:01 (The Hook Pt. 1)	"From this..."	• Visual: Close-up vertical smartphone shot, pure UGC style. A woman lifts a section of her hair near her temple or part line with her hand, revealing a prominent visible patch of thinning scalp. The drain visible in the background of the bathroom. The camera is slightly shaky and real, not polished. Pacing is fast and snappy. • Text on Screen: Solid black rectangular caption box reads "FROM THIS." A secondary white stacked label above reads the woman's first name. A circular stamp graphic on the right edge reads

		"REAL SugarbearPRO CUSTOMER." Fine disclaimer text at the very bottom.
0:01 - 0:02 (The Hook Pt. 2)	"...to this..."	• Visual: Instantaneous jump cut to the exact same visual composition, same woman, same angle, same framing. But her hair is now visibly dense, thick, and full at the exact spot where the thinning patch was. She shakes her hair slightly so the volume and health are unmistakable. • Text on Screen: Black caption box instantly swaps to "TO THIS." Customer name and circular verification stamp remain constant on screen.
0:02 - 0:02.5 (The Hook Pt. 3)	"...thanks to..."	• Visual: Rapid cut to extreme macro close-up of a well-manicured open palm. Resting perfectly in the center of the palm is one single blue bear-shaped SugarbearPRO gummy. The teal color pops against the skin. Clean white background behind the hand. • Text on Screen: Black caption box instantly changes to "THANKS TO."
0:02.5 - 0:03 (Retention Loop)	"...this."	• Visual: Rapid return cut back to the after shot of the woman running both hands through her thick voluminous hair, fingers spreading wide to show the fullness. She smiles with genuine pride. This entire 0:00 to 0:03 sequence must be cut to the beat of the background music to create an addictive rhythmic loop that holds the viewer. • Text on Screen: Caption box swaps back to "TO THIS."
0:03 - 0:07 (Product Intro)	"It is the SugarbearPRO Hair Vitamins with SmartRoot Complex."	• Visual: Close-up shot, handheld natural micro-movements. A woman's manicured hand rotates the SugarbearPRO bottle slowly against a clean, bright background, teal label fully visible, bear logo centered. She twists off the white cap to reveal the blue gummies inside. One gummy falls into her palm. • Text on Screen: Native style white caption box with rounded corners in clean sans-serif: "SugarbearPRO Hair Vitamins with SmartRoot Complex."

0:07 - 0:10 (Macro Focus)	"Did you know your hair follicles are literally starving..."	• Visual: Super fast extreme macro focus pull. One single blue bear-shaped gummy is held up closely between a thumb and index finger, showcasing its color, texture, and bear shape. Background completely blurred. The gummy looks almost candy-like and immediately disarming. • Text on Screen: New white native caption box slides in: "your hair follicles are literally starving."
0:10 - 0:13 (Mechanism)	"...without the right nutrients inside your body?"	• Visual: Rapid cut to a clean, simple animation or illustrated diagram on a dark teal background. A hair follicle sits at the base of a strand, visibly dim and compressed, with small grey particles drifting past it without absorbing. The follicle pulses weakly. • Text on Screen: Caption box changes to "without the right nutrients inside your body."
0:13 - 0:16 (Competitor)	"That is why biotin alone never worked for you."	• Visual: Fast cut to a close-up of a plain generic white biotin pill bottle being held up, then a hand sets it aside dismissively off the left edge of the frame. The frame is now empty for one beat. Then the SugarbearPRO bottle slides in from the right and takes center frame. • Text on Screen: Caption box shifts to "that is why biotin alone never worked for you."
0:16 - 0:21 (The Science)	"6000mcg Biotin plus SmartRoot Complex means 13 total actives all working together at the root level..."	• Visual: Cut to a clean overhead flat-lay shot. SugarbearPRO bottle centered on a white surface. Small teal ingredient cards are arranged in a circle around the bottle. The camera slowly pushes in from above. A pharmacist-formulated badge slides in from the left edge. • Text on Screen: Bold centered text overlay appears: "13 Total Actives." Caption box changes to "13 total actives at the root level."
0:21 - 0:25 (Validation)	"...to stop the shedding and build thicker, stronger hair from the inside out."	• Visual: Medium close-up tracking shot from behind a woman with visibly thick, healthy, long hair. She is walking through a bright, naturally lit space. The camera pans smoothly to follow. Her hair sways to emphasize texture and fullness. • Text on Screen: Caption box shifts to "stop shedding and build thicker, stronger hair."

0:25 - 0:27 (Pacing Shift)	"In as little as 6 weeks."	• Visual: The camera continues tracking behind the woman as she turns slightly, her hair catching the light. Stays for exactly one second, then disappears. The simplicity of the number does all the work. • Text on Screen: A bold white number appears centered on screen over the shot: "6 weeks." Caption box changes to "in as little as 6 weeks."
0:27 - 0:29 (Authority)	"Verified by a USA consumer study."	• Visual: Quick cut to a clean white frame. A teal checkmark badge animates in centered on screen with the text "Verified by USA Consumer Study" and below it "90% saw positive results in 6 weeks." Stays for exactly one second. Clinical, credible, fast. • Text on Screen: Caption box shifts to "verified by a USA consumer study."
0:29 - 0:31 (The Dosage)	"And this is all it takes."	• Visual: Close-up shot looking straight down at an open palm in bright natural sunlight. One single blue bear-shaped gummy rests in the center of the palm. Nothing else. No bottle. No label. Just the one gummy. The simplicity is the entire argument. • Text on Screen: Caption box changes to "and this is all it takes."
0:31 - 0:34 (Creator Facetime)	"One gummy. Every morning. That is it."	• Visual: Sudden cut to a bright outdoor eye-level selfie-style frame. A smiling, relatable woman looks directly into the lens. She holds up one finger to emphasize "one." Then she runs her hand through her visibly full, thick hair. Direct peer-to-peer trust moment. • Text on Screen: Caption box changes to "one gummy every morning. That is it."
0:34 - 0:38 (Delight Moment)	"It literally tastes like candy, so you will never forget to take it."	• Visual: Close-up of the woman popping one blue bear gummy into her mouth. Her expression shifts to genuine surprised delight, the kind of reaction you cannot fake. She looks at the camera and shakes her head as if she cannot believe something this good actually works. • Text on Screen: Caption box shifts to "tastes like candy so you never forget."

0:38 - 0:41 (Curiosity Bridge)	"And the results women are getting are insane."	• Visual: The woman leans slightly closer to the camera with wide eyes and a conspiratorial expression. She mouths "insane" one more time silently. Then, fast cut back to the product bottle. Creates anticipation for what comes next. • Text on Screen: Caption box changes to "the results women are getting are insane."
0:41 - 0:44 (Flashback)	"The drain used to be covered every single morning."	• Visual: Extreme close-up of a shower drain completely filled with tangled hair. Camera perfectly still, straight down angle. One full second. No movement. Just the drain. This is the most emotionally triggering frame in the entire video. Every woman watching has felt this exact moment. • Text on Screen: Caption box shifts to "the drain used to be covered every morning."
0:44 - 0:46 (Proof)	"Now look at it."	• Visual: Instant cut to the same drain angle, same lighting, same composition. But the drain is nearly completely empty. A hand points to it with visible shock. The contrast between these two frames is the single most powerful visual argument in the entire ad. • Text on Screen: Caption box changes to "now look at it."
0:46 - 0:50 (Social Proof)	"Even my hairdresser asked yesterday if I got extensions."	• Visual: Cut to a medium shot of a woman sitting in a salon chair. A hairdresser stands behind her, both hands in the woman's hair, visibly impressed, examining the thickness up close. The woman in the chair smiles at the camera through the mirror. • Text on Screen: Caption box shifts to "my hairdresser asked if I got extensions."
0:50 - 0:51 (Punchline)	"I didn't."	• Visual: The woman in the salon chair shakes her head slowly at the camera with a knowing smile. One second of silence after she speaks. The pause does more work than any copy could. Then, fast cut to the product. • Text on Screen: Caption box simply reads "I didn't." In the largest font used in the entire video.

0:51 - 0:56 (The Avalanche Grid)	"Join 50,000 women who finally stopped the shedding and got their hair back."	• Visual: High-energy fast-paced sequence. A 3x3 grid layout displaying 9 different women simultaneously. Mix of ages, ethnicities, hair types. At least two women are over 50. Each woman is either holding the SugarbearPRO bottle, running her hands through visibly fuller hair, or showing a before-and-after on their phone. A fast radial zoom transition punches through the center frame. Five gold stars animate one by one below it. • Text on Screen: Large, centered white, rounded rectangular box reads: "50,000 women finally got their hair back."
0:56 - 1:00 (Authority Stack)	"4.9 stars. Vegan. Halal certified. 100-day money-back guarantee."	• Visual: Grid fades instantly to a clean white frame. Three trust badges pop in one by one with a subtle bounce. First: five gold stars "4.9 Rating." Second: teal shield icon "100 Day Money Back Guarantee." Third: teal checkmark "Vegan and Halal Certified." Voiceover is calm, unhurried, and completely confident. • Text on Screen: Caption box lists each credential as it appears.
1:00 - 1:03 (Risk Reversal Close)	"If it does not work, you pay nothing."	• Visual: Cut back to the original woman from before and after the opening. Same bathroom. She holds the SugarbearPRO bottle up to the camera with one hand and gives a thumbs up with the other. Direct eye contact. Zero hesitation in her expression. • Text on Screen: Caption box in large bold text: "if it does not work, you pay nothing."
1:03 - 1:08 (Recapitulation Loop)	"So if you are losing hair in the shower, your ponytail is getting thinner, or you just want your hair back..."	• Visual: Lightning fast montage. Cut 1: hair-covered drain close-up. Cut 2: thin ponytail being measured with a tape measure. Cut 3: woman staring at her hairline in a mirror with a defeated expression. Cut 4: hand running through hair with strands visibly coming out. Each cut is under one second. Raw, real, uncomfortable. • Text on Screen: Multi-cut caption boxes match each visual: "losing hair in the shower." "ponytail getting thinner." "Want your hair back."

1:08 - 1:12 (Call To Action)	"...tap below and start your 100-day risk-free transformation today."	• Visual: Cut to a clean minimalist graphic screen. Gradient background from white to soft teal. Center frame: the SugarbearPRO bottle and one blue bear gummy rotating slowly in a clean 3D-style product display. Bold brand text "SugarbearPRO" at the top. Animated action button below reading "Start Risk-Free Today" with a right-pointing arrow. Trust badges remain visible at the bottom. • Text on Screen: Caption box reads "tap below and start your transformation today."
1:12 - 1:15 (Final Retention Frame)	"You will be shocked at how fast your hair responds when you finally give it what it actually needs."	• Visual: Snap cut back to the woman from the opening before and after. She is now running both hands through her full, thick hair, looking directly into the camera, smiling with the specific pride of someone who found the answer after a long search. The SugarbearPRO bottle sits on the counter beside her. Video ends abruptly on this frame to drive the click. • Text on Screen: "shocked at how fast your hair responds."
